Kolkata, India

Profile

I am a final year BTech student specializing in Information Technology at Techno Main Salt Lake, Kolkata, with a focus on full-stack development and practical problem solving. My recent project, the Interactive Virtual Herbal Garden, showcases my ability to design web-based applications using relational databases and foster user engagement. I am eager to take advantage of my technical expertise and collaborative spirit to contribute to innovative projects in a dynamic team environment.

Skills

- Programming Languages: Java, C, SQL
- Core Subjects: DBMS, OOPS (Java),OS

Secondary (percentage: 89%)

- Technical Skills: Web Development, Problem-Solving, Logical Reasoning, Effective Presentation Delivery
- Soft Skills: Effective Communication, Teamwork, Quick Learner
- Problem Solving: Solved 100+ coding problems on LeetCode.

Projects

Interactive Virtual Herbal Garden

- Developed a responsive web application that simulates a virtual herbal garden to educate users about medicinal plants.
- Implemented relational database management to efficiently store and retrieve plant information.
- Designed interactive user interface (UI) features to enhance user navigation and engagement.
- Using front-end development skills to design a user-friendly and intuitive experience.

Language Translator Tool

- Built a lightweight and efficient language translation tool using web technologies.
- Focused on enhancing accessibility by enabling direct text translation within a simple interface.
- Demonstrated understanding of web development principles and practical application of external APIs.

Certifications

- Master JavaScript, HTML, and CSS with 30 Projects in 30 Days (Certificate Link)
- JavaScript Fundamentals for Beginners (Certificate Link)

Positions of Responsibility

- Actively participated in interschool and intraschool volleyball competitions, representing my school team in Patna, Bihar
- Team Collaboration: Competed in a college-level hackathon with 150+ teams and was ranked in the top 10 for our innovative team-based solution.

Additional Information

- Enthusiastic about full-Stack development.
- A proactive learner passionate about creating impactful, real-world applications.
- Passionate about teamwork and continuous skill development.
